KoskiPly Economy

KLIKS Design

Thin birch plywood for multitude of applications

KoskiPly economy is throughout made from birch, core veneers being 1,0 mm and face veneers 0,5 mm. All veneers are joint-free birch veneers. Veneers can be waxed, stained or lacquered or left as they are.

Thicknesses begin from 3 mm upwards. KoskiPly economy is easily worked with all normal woodworking machines, artists tools, laser and waterjet cutters and model making equipment.

KoskiPly economy is suitable especially for partition walls, sight screens, furniture parts, toys and souvenirs, models, musical instruments, interiors, van linings, luxury boxes, gift packaging, wooden ornaments, tablegames, canoe, kayak building, yachts and boats

CORE VENEERS QUALITY

MULTI USE

SAFETY OF TOYS

EASY TO LASERCUT

- Economical
- Homogeneous surface of a consistent high quality
- Strong, excellent bending strength
- Light and decorative
- Easy machining and surface treatment
- Taint and odour free

Additional information

Wood is a living material and every panel is unique. Therefore a photograph or a sample piece cannot represent a full sized panel as regards colours, shades, figure, knots etc. Please note that a slight colour variation is accepted between panels.

The information, although based on extensive testing, is intended as a guideline only and comes without warranty. We reserve the right to amend specifications without notice. Any defects other than those caused by clearly verified production or service faults by the supplier are the responsibility of the user. Any claim for compensation is limited to the value of the defective panels. The Seller makes no guarantee that the goods are fit for a particular purpose, unless it provides a written declaration of their suitability.
