

Zero

ZERO - Furniture board

Zero furniture board is made from domestic bio-based raw materials.

In Zero furniture board, the fossil binder has been replaced with a renewably sourced wood-derived binder, lignin. Thanks to its versatility and durability, Zero is perfectly suited to the needs of the furniture industry. It is also available coated with melamine films.

Zero furniture board is used for: cabinetry, furniture, doors, office and shop furniture, kitchen and bathroom furniture, window and curtain boards and other flat surfaces.

ECO-FRIENDLY

ONLY WOOD OWN EMISSION

EASY MACHINING

EASY TO USE

ACOUSTIC

MULTI USE

-  Standard board with many possibilities
-  Environmentally friendly
-  The strength of the board is constant in every direction
-  Easy to work

Technical specifications

Raw material	Saw dust and wood chips from our own wood industry
Base board	P2 chipboard meeting the requirements of standard E312
Formaldehyde Class	No added formaldehyde EPA 40 CFR, TSCA Title VI, § 770.10.
Thickness	6mm-30mm
Sizes	Uncoated: 1220x2630mm, 1290x3045mm, 1830x2630mm, 1200-1830x1830-4580mm Other sizes at request Coated: 1830x2750mm
Density	700 kg/m ³
Machining	Drilling of holes and edge machining such as T&G, chamfer and rebate on request

Additional information

Environment

Our raw material, wood is an ecological and renewable material and it stores carbon during its whole life cycle. Koskisen plywood products are manufactured in Finland according to the strictest sustainability principles. Koskisen is a pioneer in the Finnish forest industry in paying attention to the environment and the wood's supply chain is always known in detail. Finnish forests are primarily privately owned and the owners are guided by a strong commitment to long-term forestry and forest cultivation. Yearly, Finnish forests grow more than they are harvested. This guarantees a sustainable and environmentally sound raw material.

Wood is a living material and every panel is unique. Therefore a photograph or a sample piece cannot represent a full sized panel as regards colours, shades, figure, knots etc. Please note that a slight colour variation is accepted between panels. The information, although based on extensive testing, is intended as a guideline only and comes without warranty. We reserve the right to amend specifications without notice. Any defects other than those caused by clearly verified production or service faults by the supplier are the responsibility of the user. Any claim for compensation is limited to the value of the defective panels. The Seller makes no guarantee that the goods are fit for a particular purpose, unless it provides a written declaration of their suitability.
