

# KoskiForm

## Rock

### High-quality forming board for system formwork

KoskiForm Rock is Finnish birch plywood coated one or both sides with a smooth and extremely durable overlay .

KoskiForm Rock improves on the excellent strength properties of Birch plywood by offering enhanced performance and a drastically extended lifespan.

The panel keeps its shape regardless of changes in humidity.

KoskiForm Rock is designed especially for formwork.

ECO-FRIENDLY

LOW EMISSION

EASY MACHINING

LOAD BEARING CAPACITY

EASY TO CLEAN

EASY TO USE

Smooth, maintenance free surface, non colouring

Good vibration properties

Moisture & weather resistant construction

## Technical specifications

<b>Base plywood</b>	Koskisen Finnish birch plywood
<b>Bonding</b>	Phenolic resin according to EN 314-2/ class 3 exterior conditions Formaldehyde emission levels of panels fulfil requirements of Class E1 (EN13986), CARB Phase II, ULEF (Ultra Low Emitting Formaldehyde)
<b>Coating</b>	PP based overlay.
<b>Standard thicknesses</b>	15, 18, 21, 24, 27, 30, 35, 40 and 45 mm. Other thicknesses on request.
<b>Standard sizes</b>	1200/1220/1250 x 2400/2440/2500 mm 1500/1525 x 3050 mm
<b>Density</b>	Approx 700 kg/m <sup>3</sup>
<b>Edge treatment</b>	Grey acrylic paint against moisture pick up.
<b>Wear resistance</b>	Taber value 17 000 R (EN 438-2)
<b>Machining</b>	Drilling of holes edge machining like T&G, chamfer and rebate on request.
<b>Other data</b>	Detailed technical values can be found in Koskisen's Declaration of Performance (DoP). Please visit <a href="http://koskisen.com/download">koskisen.com/download</a> .

## Additional information

### Environment

Our raw material, wood is an ecological and renewable material and it stores carbon during its whole life cycle. Koskisen plywood products are manufactured in Finland according to the strictest sustainability principles. Koskisen is a pioneer in the Finnish forest industry in paying attention to the environment and the wood's supply chain is always known in detail. Finnish forests are primarily privately owned and the owners are guided by a strong commitment to long-term forestry and forest cultivation. Yearly, Finnish forests grow more than they are harvested. This guarantees a sustainable and environmentally sound raw material.

### Additional information

Wood is a living material and every panel is unique. Therefore a photograph or a sample piece cannot represent a full sized panel as regards colours, shades, figure, knots etc. Please note that a slight colour variation is accepted between panels.

The information, although based on extensive testing, is intended as a guideline only and comes without warranty. We reserve the right to amend specifications without notice. Any defects other than those caused by clearly verified production or service faults by the supplier are the responsibility of the user. Any claim for compensation is limited to the value of the defective panels. The Seller makes no guarantee that the goods are fit for a particular purpose, unless it provides a written declaration of their suitability.
