## Top

### Koskisen decorative furniture panel

KoskiDecor Top is a strong and durable decorative birch plywood or chipboard. Both sides are coated with special HPL laminates, which are available with different characteristics such as; anti-fingerprint, antibacterial and super matt. All provide excellent scratch resistance.

KoskiDecor Top is an ideal material for the furniture, shop fitting and joinery industries. Its features provide smooth and superior surfaces that are ready for interior use.

SAFETY OF

## Technical specifications

<b>Base panel</b>	Koskisen Finnish birch plywood or Koskisen Finnish Chipboard
<b>Density</b>	approx. 700 kg/m <sup>3</sup>
<b>Standard thicknesses</b>	9–30mm, other thicknesses on request.
<b>Standard size</b>	1500 x 3000 mm, Anti-fingerprint only in size 1300 x 3000mm
<b>Formaldehyde Class</b>	Formaldehyde emission levels of panels fulfil requirements of Class E1 (EN13986), TSCA/ CARB Phase II, ULEF (Ultra Low Emitting Formaldehyde), Chipboard P5 excluded
<b>Coating</b>	Both sides HPL ( High Pressure Laminate) Anti-fingerprint HPL 0,8mm Regular and antibacterial HPL 0,7mm The product is recommended for use only in indoor conditions.
<b>Machining</b>	Drilling of holes (possibility to create patterns), edge machining such as T&G, chamfer and rebate on request.
<b>Other data</b>	Detailed technical values can be found in Koskisen's Declaration of Performance (DoP). Please visit <a href="http://koskisen.com/download">koskisen.com/download</a> .

## Additional information

### Environment

Our raw material, wood is an ecological and renewable material and it stores carbon during its whole life cycle. Koskisen plywood products are manufactured in Finland according to the strictest sustainability principles. Koskisen is a pioneer in the Finnish forest industry in paying attention to the environment and the wood's supply chain is always known in detail. Finnish forests are primarily privately owned and the owners are guided by a strong commitment to long-term forestry and forest cultivation. Yearly, Finnish forests grow more than they are harvested. This guarantees a sustainable and environmentally sound raw material.

### Additional information

Wood is a living material and every panel is unique. Therefore a photograph or a sample piece cannot represent a full sized panel as regards colours, shades, figure, knots etc. Please note that a slight colour variation is accepted between panels.

The information, although based on extensive testing, is intended as a guideline only and comes without warranty. We reserve the right to amend specifications without notice. Any defects other than those caused by clearly verified production or service faults by the supplier are the responsibility of the user. Any claim for compensation is limited to the value of the defective panels. The Seller makes no guarantee that the goods are fit for a particular purpose, unless it provides a written declaration of their suitability.
