...

The complete Kore<sup>®</sup> van solution is rounded up perfectly with a finishing touch of our wheel arch covers.

These covers not only protect wheel arches from bumps and scrapes – they also bring your entire van interior together. In fact, Kore wheel arch covers are specifically designed to enhance the resale value of your van.

We offer several materials to choose from for your wheel arch protection. Also, covers made out of ABS and PE-HD are available. All Kore<sup>®</sup> wooden covers are made of the same high-quality material as our floors.

All materials are durable and suitable for recycling.
