Premium Birch Plywood for Demanding Interior Applications.

KoskiDecor Elite Transparent for quality, looks and style.

KoskiDecor Elite Transparent is a premium Finnish birch plywood finished with a clear melamine surface, designed for demanding interior applications where aesthetics and durability matter. Its transparent coating highlights the natural beauty of birch while providing a tough, easy-to-clean surface that withstands daily wear. This makes it an ideal choice for high-end furniture, wallpanels, and other decorative solutions that require both elegance and performance.

The product combines Scandinavian design with exceptional technical properties. Its multi-layer birch structure ensures dimensional stability and strength, even in challenging environments. KoskiDecor Elite Transparent is easy to machine and install, offering consistent quality for precise and reliable results.

Developed with quality and longevity in mind, the plywood is carbon negative and manufactured from responsibly sourced Finnish birch. Its clear finish not only enhances the visual appeal but also protects the surface, extending the lifespan of interiors and reducing maintenance needs.

For professionals and designers seeking a refined, durable, and environmentally responsible material, KoskiDecor Elite Transparent stands out as the perfect solution.
