KoskiDecor
Elite Transparent

Decorative birch plywood panel with transparent melamine overlay

KoskiDecor Elite Transparent is a striking furniture panel made from premium Finnish birch plywood.

Both sides of the panel are veneered with high-quality, rotary-cut long-grain birch veneer and coated with a transparent, wear-resistant melamine film. The natural grain patterns of the birch veneer are beautifully visible through the clear melamine surface, which enhances the finish and ensures a smooth, consistent look.

KoskiDecor Elite Transparent is an excellent choice for eye-catching applications, from shop fittings to furniture and joinery. Its durable, high-quality surface makes the panel ready for immediate use in interior spaces.

Technical specifications

Base plywood	Koskisen Finnish birch plywood with improved, selected veneers
Density	Birch approx. 700 kg/m3
Standard thicknesses	Nominal thickness 12–18 mm
Standard size	2440x1220mm and 2400x1200mm
Bonding	Phenolic resin according to EN 314-2/ class 3 exterior conditions Formaldehyde emission levels of panels fulfil requirements of Class E1 (EN13986), CARB Phase II, ULEF (Ultra Low Emitting Formaldehyde)
Coating	Rotary-cut 0.6 mm furniture-grade long grain birch veneer. Coated with hardwearing, transparent melamine film. Because of the surface coating the products are recommended for use only in indoor conditions. Also when kept in direct sunlight the UV radiation darkens the wood surface under the coating.
Machining	Drilling of holes (possibility to create patterns), edge machining such as T&G, chamfer and rebate on request.
Other data	Detailed technical values can be found in Koskisen's Declaration of Performance (DoP). Please visit Koskisen website.

Sustainability

Koskisen's products are safe for their intended use and meet the quality, environment and product specific requirements set for them. Product development emphasises the development of responsible and sustainable product features. The focus is on improving the long-term use, renewability, safety, and traceability of products. Additional information

Wood is a living material and every panel is unique. Therefore a photograph or a sample piece cannot represent a full sized panel as regards colours, shades, figure, knots etc. Please note that a slight colour variation is accepted between panels.

The information, although based on extensive testing, is intended as a guideline only and comes without warranty. We reserve the right to amend specifications without notice. Any defects other than those caused by clearly verified production or service faults by the supplier are the responsibility of the user. Any claim for compensation is limited to the value of the defective panels. The Seller makes no guarantee that the goods are fit for a particular purpose, unless it provides a written declaration of their suitability.
